- ❖ Volunteers are accommodated in a homestay setting where they will stay by themselves in their own hostel/home or choose to stay with a host family in Arusha. For Host family stays, they will welcome you into their home, eager to share their customs and have you teach them about your own culture. We believe that this is the best way to immerse yourself in the culture of Tanzania and have a truly unique experience but choices work as well.

- ❖ Volunteers can expect to share bathrooms with other volunteers of the same gender. Volunteers in homestays can expect to be living with other volunteers.

- ❖ Living is very basic but we try to make sure you are comfortable and most home stays have running water and electricity. Bedding is provided; however, you will need to bring your own towel and toiletries. It is also recommended to bring a sleeping bag for weekends away.

- ❖ During your stay you will have the help and assistance you need at any point. You will have a contact person for your group.
